

New Forklift Tires From Carlisle

Ground Force 200 & 202

The Ground Force 200 & 202, industrial pneumatic tires features a heavy-duty design for tough applications. Sipes in the shoulder lugs enhance heat dissipation.

Product Highlights:

- Reinforced sidewall for reduced deflection and improved protection
- Wider tread profile for improved traction and lateral stability (GF 202)
- Rim guard protects bead area in rugged applications
